

Cleaning ditches on Pucker Street, November 18, 2008

One of the more problematic drifting areas on Stagecoach Road December 21, 2008. Fifteen minutes after this was taken a deep snow drift had crossed over the road again.

Conesus Firefighter Steve Faulkenberry performing traffic control at an accident scene on Route 15 near the Stagecoach Intersection on very cold, icy, windy day January 28, 2009

The Conesus Volunteer Firefighters working a house fire on East Lake Road, late January or early February 2009

East Lake Road was closed for several hours and the road was covered in ice

Bishop Road, February 26, 2009. Temperatures at or near freezing result in our snow plows doing damage to dirt roads that lack sufficient gravel cover, when trying to plow slush off the roads.

Hoes Hill Road, March 2, 2009.

The last real accumulation of snow for the 2008 - 2009 winter. Our first time out with sanders was October 27th 2008. Our first time out plowing was November 5th 2008. From then till March we had a steady winter however after March 2nd we did not have to plow or sand again.
